REMEDIAL INVESTIGATION (RI) FOR 903 PAD, MOUND AND EAST TRENCHES AREAS

This letter is for the attention of C. C. Jierree.

Enclosed are six (6) copies of the Phase II Sampling Plan for Remedial Investigations at the 903 Pad, Mound and East Trenches Areas. Comments on an earlier draft from DOE reviewers have been incorporated. Four (4) of the enclosed copies are for transmittal to Colorado Department of Health (CDH) and Environmental Protection Agency (EPA). We suggest that a meeting be scheduled with EPA and CDH for a briefing and discussion on the sampling plan during the week of July 18, 1988. A field tour of the RI areas, including proposed borehole and well locations, could also be arranged if the meeting were held at Rocky Flats.

It is our desire to have EPA and CDH approve the sampling plan prior to implementation. We plan to implement the draft plan starting August 1, 1988.

If you have any questions please call Tom Greengard on extension 7121.
